

NEWS RELEASE

Luxurious new infinity pool now open *New pool the star of adult only chill zone*

FIJI, 23 APRIL 2019: VOMO Island Fiji's luxurious new infinity pool is now open.

The adults only 'Rocks Pool' is adjacent to the secluded Rocks Bar & Restaurant in a private setting on the western tip of the island and forms part of a chilled-out, chic area for adult guests to relax and soak up the sun.

The new adult-only zone is a sophisticated addition to family friendly VOMO - one of Fiji's most popular family resorts - where couples and groups of friends can enjoy their own space and seclusion.

Decks flow from the Rocks Bar down to the new pool area surrounded with designer day beds to relax in privacy and spacious deck areas. Gentle body-curved sunchairs sit partially submerged in the pool's water edge for a lap of water and sun at the same time.

The natural green stone tiled pool blends perfectly into its tropical garden surroundings and is backdropped by Vomo Lailai (little Vomo island). The gentle curve of the infinity pool's edge stunningly merges the pool with the ocean beyond, with the little island seemingly perched atop the pool's infinity line.

The Rocks is a multi-concept space, with the famous chic Rocks Bar & Restaurant serving tropical cocktails as the sun slips below the horizon, along with complimentary canapés. It's also a perfect evening dining spot.

VOMO Island Fiji resort in the Mamanuca Islands is on its own private island just 15 minutes north of Nadi International Airport by seaplane or helicopter.

VOMO promises to become your personal paradise the moment you arrive.

Luxuriously appointed beachfront villas sit amongst the lush tropical gardens. Enjoy world-class cuisine, golf, scuba, snorkelling - VOMO is everything you want it to be, plus a little bit more.
