Confirmation of Business Display Name

We need exhibitors to confirm the business name to be printed on the fascia portion of your booth frame, alongside your booth number.

Please respond by COB Thursday, 10 October with the correct name and spelling. Printing will commence the following week, and if we do not receive a response by the deadline, we will use the business name from your booth registration.

Kindly note, there is a 30-character limit (including spaces) for 3mx3m booths and a 50-character limit for 6mx3m booths. If your business name exceeds this limit, we may need to shorten it.

This does not apply to those exhibitors who have opted for a frameless space.
